

LT1160 - Half-/Full-Bridge N-Channel Power MOSFET Drivers  
60V Max Supply Referenced DC Motor Half-Bridge Driver

Note:  
If the simulation model is not found please update with the "Sync Release" command from the "Tools" menu.  
It remains the customer's responsibility to verify proper and reliable operation in the actual application.  
Component substitution and printed circuit board layout may significantly affect circuit performance or reliability.  
Contact your local sales representative for assistance. This circuit is distributed to customers only for use with LTC parts.
